Keynote at deGUT

Viktoria Berlin started a revolution in women's soccer. A team of female founders and investors, including well-known faces in the media such as Verena Pausder and Franziska van Almsick, have set themselves a clear goal: To increase the visibility of women in soccer and thus change the sport in Germany in the long term. The team has not only convinced numerous investors, but also won many fans. At deGUT, founders Felicia Mutterer and Lisa Währer will be talking in a Fireside Chat about how they came to be, their experiences with the gender pay gap and the social recognition of female athletes.

Speaker at deGUT

Faruk Tuncer is founder & CEO of Polyteia. The GovTech start-up has created an important milestone on the path of digital transformation in public administration. The graduate from the Hertie School in Berlin has previously worked as a project manager at Lead Academy. He is a member of the German government's Digital Summit and has been Bitkom's state spokesperson for Berlin and Brandenburg since May 2023.
